

Welcome to Round 1, our first points event of the 2024 Season! Thank you to all of you who attended Run Your Rust Off! We would like to thank all of our volunteers and staff for making our events possible! Please treat our volunteers and staff with respect, they are here to ensure a safe and fair event for everyone. Also, please take a moment to thank them as you see them throughout the weekend.

We have been very fortunate to have had an overwhelming response for sponsors this season. We would like to thank Porsche of Colorado Springs, Rylance Racing, Divulge Motorsports, Ageto, Optimum Property Services, Quinto Neighborhood Pizzeria & Taphouse, NAV Real Estate, Mountain Capital Investment Advisors INC., Synnergie Consulting, Seal Master, and Rocky Mountain Oxygen Repair for being sponsors this year!

Pit move in on the **south side** of the lot (motorcycle school) will open **after 4:30pm** and open on the **north side** of the lot **after 2:00pm** on Friday May 3, 2024. You **MUST** take your tires and fuel cans with you. Please do not park in the **NO PARKING ZONES** highlighted on the pit map. The pits are at capacity and there is ample parking available in the dirt lot to the east of the IMI main building. We will be conducting a pit spot audit throughout the weekend. If you are found in violation of pit spot rules or parking in no parking zones penalties, including loss of position, points, and/or monetary fines may be levied against the offending racer and/or teams.

Transponders are **NOT** available for rent through the Colorado Karting Tour or IMI Motorsports Complex. Transponders are **required** for all sessions on race day. Your fastest lap during morning warmup will set the order for qualifying. **Please update your vehicle under your Motorsportreg profile with your transponder number. This will greatly help timing and scoring throughout the season.**

New this year we are implementing scanning of chassis, engines, and tires. Only tires purchased through the Colorado Karting Tour or an Authorized Colorado Karting Tour Reseller are permitted on race day. There has also been an update to the Pre-Tech Certification sheet (revision 29APR24). Any weights mounted to the seat are now required to have a metal washer with a minimum size of 1.378" / 35mm between each bolt head and the seat.

Attached to this letter is the event schedule, track map, and pre-tech certification sheet. New chassis and engine tags with a barcode and series/class sponsor sticker are available for pick up at registration. Your helmet must be checked and 2024 sticker applied prior to entering the track either day. Competitors will turn in their Pre-Tech Certification sheet and have their tires scanned or marked by the grid marshal prior to qualifying. Please leave your kart on the stand until your tires are scanned or marked. **Competitors are solely and directly responsible for the safety of their race karts and equipment. The Colorado Karting Tour does not assume any liability for the safety and/or technical compliance of a competitor's race kart or equipment.**

Please be advised that the event schedule is subject to change. Live results may be available on Speedhive and/or Race Monitor.

There is a mandatory Driver's Meeting on race day. Mechanics, team owners, and parents are encouraged to attend. Competitors failing to attend the Driver's Meeting may receive a penalty. Please familiarize yourself with the rule books associated with this series and your class. **Competitors are responsible for knowing the rules.**

At the end of Race Day there is a podium presentation. Please attend and support your fellow competitors.

Welcome to the Colorado Karting Tour – Round 1. Please do not hesitate to ask one of the volunteers or staff members any questions that you may have. If they cannot help you they will point you in the right direction. It is important that you have a great experience as we continue to grow the Colorado Karting Tour.

Thank you for supporting the Colorado Karting Tour!
