

Welcome to Round 5 & Round 6, our fifth and sixth points events of the 2025 Season! We are looking forward to celebrating our Nation's Independence Day with you all and look forward to some exciting racing. This series has and still needs the support of our community to make these race events possible. Volunteering not only makes you feel good about yourself but sets a great example for all of our competitors, please lend a hand this weekend.

We would like to thank all of our volunteers and staff for making our events possible! Please treat our volunteers and staff with respect, they are here to ensure a safe and fair event for everyone. Also, please take a moment to thank them as you see them throughout the weekend.

We have been very fortunate to have had an overwhelming response for sponsors this season. We would like to thank Porsche of Colorado Springs, Rylance Racing, Michael Ginevicz with NAV Real Estate, Adam Allgaier with Mountain Capital Investment Advisors INC., Optimum Property Services, Forge Trauma and Orthopedics, Evinco Tires, IAME USA West, SKUSA, Vortex Engines, ROK Cup USA, and RLV for their support!

Please be advised that the event schedule is subject to change. Live results may be available on Speedhive and/or Race Monitor. If you haven't joined our Discord, please take a moment to do so. We plan on solely using the Discord this weekend due to logistics of how PPIR is configured for races.

All registered competitors will receive one free gift from the Colorado Karting Tour during our driver's meeting.

Pit move in begins on Thursday July 3, 2025. Please ensure you are being accommodating where possible to those that may be arriving later than you on Thursday and/or Friday. Camping is permitted beginning the evening of Thursday June 5, 2025. All hookup fees should be paid directly to PPIR. In addition, you will be required to sign a PPIR waiver as well as a CKT waiver for entry.

Transponders are **NOT** available for rent through the Colorado Karting Tour and are **NOT** available through PPIR. Transponders are **required** for all sessions on race day. **Please update your vehicle under your Motorsportreg profile with your transponder number. This will greatly help timing and scoring throughout the season.**

Only tires purchased through the Colorado Karting Tour, or an Authorized Colorado Karting Tour Reseller are permitted on race day. **Only MG SW and SW2 Rain tires are permitted for this weekend. The gearing for 206 Cadet is 15/45.**

Attached to this letter is the event schedule, track map, and pre-tech certification sheet. New chassis and engine tags with a barcode and series/class sponsor sticker are available for pick up at registration. Competitors will turn in their Pre-Tech Certification sheet and have their tires scanned or marked by the grid marshal prior to qualifying. Please leave your kart on the stand until your tires are scanned or marked. **Competitors are solely and directly responsible for the safety of their race karts and equipment. The Colorado Karting Tour does not assume any liability for the safety and/or technical compliance of a competitor's race kart or equipment.**

There is a mandatory Driver's Meeting on race day. Mechanics, team owners, and parents are encouraged to attend. Competitors failing to attend the Driver's Meeting may receive a penalty. Please familiarize yourself with the regulations associated with this series and your class. **Competitors are responsible for knowing the rules.**

At the end of Race Day there is a podium presentation. Please attend and support your fellow competitors.

Welcome to the Colorado Karting Tour – Round 5 & Round 6. Please do not hesitate to ask one of the volunteers or staff members any questions that you may have. If they cannot help you they will point you in the right direction. It is important that you have a great experience as we continue to grow the Colorado Karting Tour.

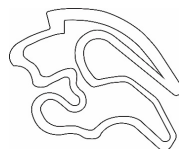

Thank you for supporting the Colorado Karting Tour!
